

By Faith

Jeff De Vries

- 1st verse) By faith we understand the world was made
By the word of God which never never fades
By faith Abraham obeyed God's command
When the Lord sent him to a distant land
- Chorus) By faith these men had obeyed the Lord
And their testimonies speak to their great reward
Their faith stood strong but they didn't stay long
And now they sing His praise on the other shore.
- 2nd verse) By faith old Noah started building a boat
When the world thought a flood was very remote
By faith old Moses refused the king's hand
Then he took his people to the promised land
- 3rd verse) By faith many others have followed in His name
By faith and perspiration they took their aim.
And still many others were martyred and scorned
But now they live a life with God forevermore.
- 4th verse) By faith you can see the mountains move away
For those who will trust, He will prepare a way.
What else can I say about a faith of this kind
If I kept on going, I would run out of time.
- Tag) And now they sing His praise on the other shore.
And now they sing His praise on the other shore.
